

# Awards-Glycobiology 2020

Raymond Dwek

Head OF Glycobiology institute, Biochemistry & Glycobiology, Oxford, England

## Expert Level

This [Expert Level](#) Scientific Award is given to the renowned scientific personnel who have contributed their services with a passion, dedication and commitment for the human development and distinguished experts who have made significant, sustained and continuing contributions in the field of Glycobiology. It is considered as the most esteemed award of the entire conference. His/her contribution could be long-term, cumulative or single, particularly insightful, innovative, applicable, or interpreted ideas. This prestigious award could be given for the nominee who had demonstrated significant, independent contribution in their selected area of research with a min of 20+years of experience in [Glycobiology](#) and productively engaged in respective leading edge technology. The achiever of the award must have completed MD or PhD, or equivalent. The recognition of the award will be taking into consideration for the independence of thought, originality and significance of discovery, and impact on his/her area of research. Eligible candidates can upload their [Research Portfolios](#) online with their latest 10 publications, landmarks obtained during their research.

## Professional Level

The [Professional Level](#) Researcher Award is given to a scientific personal who had made a significant contribution with the commitment towards the knowledge development in the field of Glycobiology research. This Research Award could be given for the nominee who had demonstrated significant, independent contribution in their selected area of research with a min of 10+years of experience in [Glycobiology](#) and productively engaged in respective leading edge technology. The nominee has to attain recognition by professional societies, community, organizations or other external bodies. The achiever of the award must have completed MD or PhD, or equivalent. The recognition of the award will be taking into consideration for the independence of thought, originality and significance of discovery, and impact on his/her area of research. Eligible candidates can upload their [Research Portfolios](#) online with their last few publications, landmarks obtained during their research.

## Scholar Level

The [Scholar Level](#) Researcher Award recognizes innovative contributions grounded in relevant research field that raise

to the field, and are supported by compelling visual and textual evidence. The nominee(s) may work in any type of organization: corporate, government, nonprofit, or academic background who have completed/submitted his/her PhD thesis in the field of Glycobiology research. Eligible candidates can upload their [Research Portfolios](#) online with their last few publications, landmarks reached during their research.

## Women Scientist

[Women Scientist Award](#) highlights major contributions by Female scientists/researchers to Glycobiology research. The pursuits of the award are inspiring role models for the future generations of women in science. The nominee must be recognized internationally for outstanding contributions in the field of [Glycobiology research](#). The nominee(s) may work in any type of organization: corporate, government, nonprofit, or academic with 10+ years of experience in the field of Glycobiology research. Eligible candidates can upload their Research Portfolios online with their last few publications, landmarks reached during their research.

## Outstanding Speaker

This award acknowledges the best speakers, who have the capacity to engage a diverse variety of audiences, captivate them with their style and deliver a message that conveys their expertise. A speaker can present their projects, strategies, and schemes that have been implemented by them to improve long-term excellence in [Glycobiology research](#). Eligible candidates can upload their Research Portfolios online with their last few publications, landmarks reached during their research.

## Best Poster Presentation

This award recognizes the best poster presentation given during the course of an event to encourage students and recent graduates to present their original research. Recipient of this award will be selected by the judge of the poster session. An award winning poster will be evaluated on presentation content and clarity, innovativeness of approach, communication criteria and scientific aspects. It will also be based on layout, insights, analysis and results description. The awardee will be felicitated after the completion of poster session. Eligible candidates can upload their [Research Portfolios](#) online with landmarks, reached during their research.

## Glycobiology Lipids and Metabolic Disorders 2020

Jun 22-23, 2020 | Boston, United States of America
